### POSITIVE BY NATURE

Our enthusiasm has guided us and has made us a European leader in the production of sugar, alcohol and bioethanol.

### TRUE BY NATURE

We grow our sugar beets with respect for the land and the people who cultivate it.

### CREATIVE BY NATURE

Always seeking out ever-better solutions and inventing new ways of using resources or new practices, this is what drives us.

### RELIABLE BY NATURE

Our sugar production facilities and distilleries practice exemplary and efficient resource management, while ensuring that all products are traceable and that our processes are reliable.

### COMMITTED BY NATURE

Even when everything stops. During the COVID-19 pandemic and resulting crisis, we adapted our processes in record time and delivered emergency supplies of sugar and alcohol in France and around the world.
